

CAR & TRUCK WASH PRODUCTS

F-33 CAR WASH

A quality blue powdered compound with road-film removing properties designed for use in pressure washers. A251

CAR WASH C.H.

A yellow non-dusty powdered detergent with excellent solubility and cleaning properties designed for use in pressure washers. A254

H-300 CAR WASH

A moderately alkaline all-purpose powdered pressure wash detergent. A252

R-1 EXTRA PRESSURE WASH

A quality non phosphate blue granular compound that dissolves easily in water. It is a very alkaline, biodegradable product intended for washing and degreasing industrial and farm equipment, engines and trucks. A253

LIQUID TOUCHLESS CAR WASH

A highly concentrated detergent with excellent road-film removing properties specifically designed for use in touchless car wash systems. A257

LIQUID TOUCHLESS PLUS

A highly concentrated detergent with excellent road-film removing properties specifically designed for use in touchless car wash systems. A273

JET CLEAN PLUS

An excellent liquid pressure wash detergent with special degreasing and road-film removing properties. It may be used with hot or cold water. A259

H.D. LIQUID CAR WASH

A high foaming detergent with special degreasing and lubricating properties designed primarily for use in brush and cloth type automatic car wash applications. A258

FOAMING BRUSH CAR WASH

A high foaming liquid detergent designed for use in foam brush car wash applications. A263

SUPER FOAMING BRUSH

A highly concentrated high foaming liquid detergent designed for use in foam brush car wash applications. A264

AUTOMOTIVE PRESpray

A high alkaline, solvent-free red liquid pre-spray for degreasing vehicles entering the car wash. A269

TRI-FOAM RED/BLUE/YELLOW

Three viscous detergents for use in foaming brush applications. These products will provide coloured, high stable foam with excellent cleaning properties as well as lubricity for the brushes. They are gentle on hands and will not harm paint, rubber or chrome. They are fully biodegradable and phosphate free. A282/A283/A284

TRUCK WASH AND SOOT
REMOVER

A concentrated product ideally suited for removal of carbon soot generated from exhaust. It is also an effective cleaner and degreaser for industrial trucks, trailers, equipment and buildings. This biodegradable, non-caustic degreaser leaves a protective film on metals and prevents flash rusting. A296

LIQUID CAR WASH SPECIAL

This product is a top quality liquid car washing detergent providing excellent cleaning in both pressure and automatic systems. It also contains special lubricating agents to provide longer life of brushes. It is specifically designed for use in drive through, brush type car wash operations. B277

AUTOMOTIVE SPECIALTY PRODUCTS

COLD SPRAY WAX

An economical drying polish and dewatering agent for use on all vehicle exteriors. A260

CARNAUBA HOT WAX

A polish and surface protection compound with the added benefit of carnauba wax for enhanced shine, rust inhibition and water repellency. A261

RX-10 CONCENTRATED AUTO POLISH

A concentrated surface protectant offering increased shine and water repellency to paint, chrome trim and clear coat. It provides better water beading and breaking. A288

VC-20 CLEAR COAT

A premium highly concentrated sealant and clear coat protectant offering long lasting shine and water repellency to automobile surfaces. It provides water sheeting and breaking for quicker drying. A290

RUST INHIBITOR

A liquid corrosion inhibitor ideally suited for use in spray applications on vehicle under-carriages. A270

TIRE SHINE

Tire Shine revitalizes and restores the original shine of tires, soft vinyl trim, black rubber bumpers and floor mats. A277

ALKALINE ALUMINUM CLEANER-BRIGHTENER

An excellent alkaline cleaner and brightener of aluminum trailers and other exterior aluminum surfaces, painted or unpainted. A268

AUTO BRIGHT

A liquid rust remover used to remove iron stains and light rust from painted vehicle surfaces, and the removal of industrial fall-out on new vehicles. A272

VINYL SHINE

A water-based product that will protect and beautify vinyl surfaces such as dashboards and upholstery while leaving a lasting shine. It restores colour and lustre to vinyl siding on homes that has been faded by sunlight. A276

A-50 ALUMINUM BRIGHTENER

A concentrated and exceptionally effective liquid acid blend used for the brightening of aluminum trailer surfaces. A266

ALUMINIM BRIGHTENER EXTREME

This is a concentrated cleaner and brightener for aluminum trailers or other exterior unpainted aluminum and stainless steel surfaces. It removes oxidation leaving a shining surface. This product is a special blend of surfactants, sulphuric and hydrofluoric acids. A265

NON-ETCHING ALUMINUM BRIGHTENER

This product is a ready to use formula containing biodegradable surfactants and an effective blend of acids. It will restore and retain polished aluminum, stainless steel and hard chrome surfaces. Use on RV's, bulk carriers, wheels, fuel tanks, dump trucks to remove road film, soot, dirt, oil and corrosion. A271
